Exception: The ZOC of an enemy unit that is not Shock-capable is ignored for purposes of bullet #1.

PLAY NOTE: The above exception will prevent Skirmishers from pinning units from behind.

A unit leaving an enemy ZOC may immediately enter another enemy ZOC, but it would then cease movement for the remainder of that Orders Phase.

7.24 A unit that begins the Movement/Missile Segment in the ZOC of an enemy unit in most situations cannot change facing. A unit may, however, use up to ½ its MA (rounded up) in facing changes if *all the following apply:*
