Step 3: Adjust Columns and Resolve: To resolve Shock, the attacking player starts from the base column on the Shock CRT (8.45) and adjusts that column for any SRD, unit, and/or terrain effects (all listed on the Shock CRT). He then rolls the die, adding to the DR the Charisma Rating of any one of his leaders involved in the Shock, and subtracting the Charisma Rating of any one defending leader involved (defending player's choice). If a leader was killed (8.44), that side suffers a reverse die roll modifier equal to the deceased leader's Charisma Rating plus 2.
