The Collapse: *Both players now determine the effects of the Cohesion Hits on their units, starting with the Phalanx* ***A's*** *combat. Here no units have reached their threshold, so the players move to Phalanx* ***B's*** *combat. Velites* ***X*** *has exceeded its TQ threshold, so it routs per 10.21. The Roman player moves the unit 2 hexes in the direction of the Roman retreat edge. In Celt* ***C's*** *combat, Velites* ***Z*** *has Hit its rout threshold, so rout moves 2 hexes toward the Roman retreat edge.*
